TAOS COUNTY AFFAIRS.

Good Range and Stock Conditions—Fine
Fruit Outlook—New Railway.
"Taos county is the garden spot of
New Mexico," said Dr. T. P. Martin, in
an interview yesterday. "It is God's
country. About the stock and range
conditions, there is no better range on
this terrestrial ball, but there are few
cattle there now, and that article can't
be bought for love or money. Sheep
lambled 98 per cent. Mining business
generally is on the boom. Mining in-
vestors seem to have a preference for
Taos county mines, and prospectors
from Colorado are coming in rapidly.
The Brookfield Gold Mining & Placer
company is the name of a new incorpo-
ration which will do business in our
section from now on. They have lots of
money and are developing the Iron Belt
lode in a systematic and scientific man-
ner. The prospects of a railroad into
Taos this year are good. The Santa Fe
branch from Springer, when built into
Cimarron will be extended down the
Moreno to Taos. Small farmers are do-
ing well as are fruit growers. A great
many new orchards have been planted
this spring and the fruit crop will be
exceptionally good. The fruit region is
so well protected that there is no dan-
ger from early frosts. The stage facili-
ties to Taos are better than ever before
and we invite homeseekers looking for
the Garden of Eden to inspect our stock
before purchasing elsewhere. We are
taking back a Cuban dog with us which
Captain Smith Simpson captured in a
'spirited' engagement at Albuquerque
with the mayor. It will be flying to the
breeze in Taos, and in the language of
Weyler, 'we hope to be able to report
the complete pacification of Taos coun-
ty by July 4.'

A Hundred Reasons.

Can be given why Stuart's Dyspepsia
Tablets are the best and most effective
cure for every form of indigestion.
They are in Tablet form which retains
their good qualities indefinitely, while
liquid preparations become stale and
useless with age.
They are convenient, can be carried
in the pocket and taken when needed.
They are pleasant to the taste.
After each meal dissolve one or two
of them in the mouth and, mingling
with the food, they constitute a perfect
digestive, absolutely safe for the most
sensitive stomach.
They digest the food before it has
time to ferment, thus preventing the
formation of gas and keeping the blood
pure and free from the poisonous
products of fermented, half digested
food.
Stuart's Dyspepsia Tablets make the
complexion clear by keeping the blood
pure.
They increase flesh by digesting flesh-
forming foods.
Stuart's Dyspepsia Tablets are the only
remedy designed especially for the cure
of stomach troubles and nothing else.
One disease, one remedy, the successful
physician of today is the specialist, the
successful medicine is the medicine
prepared specially for one disease.
A whole package taken at one time
would not hurt you, but would simply
be a waste of good material.
Over six thousand men and women in
the state of Michigan alone have been
cured of indigestion and dyspepsia by
the use of Stuart's Dyspepsia Tablets.
Sold by all druggists at 50 cents per
package.
